EXTRACT OF THE MINUTES OF THE 134 COUNCIL MEETING HELD ON 30 MARCH 2022.

"A2188 SEDIBENG DRAFT IDP 2022/27 AND BUDGET FOR 2022/23

(15/1/8/1/1)

Cluster: Strategic Planning and Economic Development

Portfolio: Integrated Development Planning (IDP)

RESOLVED

THAT the report on Draft IDP 2022/2027 and Budget 2022/23, be hereby approved."

It is hereby certified that this is a true extract from the minutes of a meeting of the Sedibeng District Municipality.

Council held on: 30 Marco Signed by: Marcoso NGA Designation AUTING DIRES

Legal And Support Services

8. Introduction:

The Sedibeng District Municipality has successfully made it possible for the municipality to monitor measure and report against all set deliverables in its IDP. SDM is fully compliant with Section 38 of the Local Government: Municipal Systems Act, 32 of 2000, which states that:

All municipalities must establish performance management system that;

- Commensurate with its resources:
- Best suited to its circumstances; and
- In line with the priorities, objectives. Indicators and targets contained in our integrated development plan.

The establishment, development, monitoring and general management of performance at a municipal level is governed by stipulations in Chapter 6 of the Local Government: Municipal Systems Act, No. 32 of 2000.

The SDM Performance Management System is developed in total compliance with all legislations related to performance management. The system reflects a clear line of sight in alignment cascading from the National Development Plan Vision 2030 (NDP), Growing Gauteng Together (GGT 2030), the Sedibeng Growth and Development Strategy (GDS), IDP, the Service Delivery and Budget Implementation Plan (SDBIP), and the Performance Agreements of Section 56 employees.

The IDP-SDBIP alignment makes it possible for all Clusters in SDM to progress report and collates evidence against the set Deliverables. These reports are consolidated on monthly, quarterly, mid-year and annual basis, and measured against the set 'SMART' targets. The system has an inherent monitoring tool in form of dashboards, thus on continuous basis showcase areas of performance and under-performance. This tool gives progress status against the set Deliverables in all Clusters and affords early detection and intervention in areas of need.

Sedibeng District Municipality conducts its planning, as reflected in this chapter, to show a clear alignment between its Strategies and Projects, outlined in Chapter 5 of this document. The set performance areas for the financial year 2022/23 as captured herein below indicate all measurable projects and programmes planned to be implemented by the municipality.

Mainstreaming in government planning, budgeting & programmes is to seek empowerment and to promote designated groups access to basic services and participation in democratic governance within government & representation at all levels and elimination of discrimination against women, children, youth, and people with disabilities, elderly persons.

Gender Mainstreaming is the public policy concept of assessing the different implications for women and men of any planned policy action, including legislation and programmes, in all areas and levels. It is essentially offering a pluralistic approach that values the diversity among both men and women. The SDM is committed, in line with national and provincial policy, to ensure that the following designated groups are protected, promoted and empowered as the case maybe:

- Women:
- People with disability;
- Youth:
- Children:
- People infected and affected by HIV and AIDS;
- Elderly; and
- Ex-combatants.

We protect and promote designated groups in two ways. Firstly, we ensure that in all relevant programmes, the needs of these designated groups are 'mainstreamed'. This means for example that there must be targets for the employment of youth and women in EPWP projects or that we know that programmes to address air pollution will have an impact on the health of children with asthma.

Secondly, we have specific programmes targeted at one or more of our designated groups. This includes the Youth Advise Centers targeting youth or the Victim Support Centers that target women.

Below we have set out what are our key programmes that will promote and empower all designated groups followed by key programmes per designated groups. In the following section, we repeat all our key deliverables and put performance indicators aimed to set out how they can benefit different designated groups.

Training and job opportunities

- Ensure that training and job opportunities that may arise will target designated groups;
- Continue with looking at regional sewer works for opportunities; EPWP; BnM (people used in demonstrating technique); and greening initiatives (SDM role to assist local labour and communities in getting involved in national and provincial programmes); and
- Greening and cleaning.

Ownership - Facilitate ownership options for designated groups in:

- Housing and Urban renewal projects;
- Industrial Waste Exchange Programme; and
- Land release;

Poverty alleviation and social development

• Ensure that alternative options are explored including ensuring designated groups are prioritized in the "shack down programme".

Volunteers - Volunteers from all designated groups should be involved in:

- HIV and Aids programmes;
- Fire prevention (PIER) and Clean Fires Programme;
- Crime prevention; and
- Greening and cleaning.
- **8.1 KEY PERFORMANCE AREA: Vibrant Democracy** through enabling all South Africans to progressively exercise their constitutional rights and enjoy the full dignity of freedom. To promote more active community participation in local government, including further strengthening the voice of communities and making sure that community Based structures such as ward committees, police forums, and school governing bodies are legislatively supported to function effectively.

| Fresh Produce Market | To provide a central market distribution system for the region and maximize municipal revenue | To provide efficient services to local suppliers and buyers | E11 | Number of Fresh Produce Markets reports submitted to council | E11.1 | Four (4) Fresh Produce Market Strategy | CAPEX | Produce four Fresh Produce Reports and submit to council | No |
| Agriculture | To promote and develop agricultural sector | To facilitate Implementation of the Mega Agri park | E12 | Number of reports on the Milling plant within the Mega Agri park Project. | E12.1 | Four (4) reports on Milling plant within the Mega Agri park Project in the previous 2021/22 financial year | CAPEX | Implement the Milling plant within the Mega Agri park Project. | No |

8.4 KEY PERFORMANCE AREA: Reintegrating our Region with the rest of Gauteng, South and Southern African to move from an edge to a frontier Region, through improving connectivity and transport links. A key advantage of Sedibeng is its proximity and linkages into to the Gauteng urban Complex as well as strong links with Sasolburg in the Northern Free State.

One of its weaknesses is poor intra-Sedibeng links due in part to Poor East-West transport routes.

Key to reintegration is creating sewer scheme, high levels of transport and other forms of connectivity.

- 8.6 The focus on **Releasing Human Potential** extends beyond accelerating skills development. It involves increasing the 'social capital' of Sedibeng. This involves building the capacity of individuals and communities to:
 - Be effectively involved in their communities through ward committees and related structures;
 - Protect women and children from abuse;
 - Have effective crime prevention programmes;
 - Be involved in volunteerism;
